

**Areas of application**

- Office and conference rooms
- Industrial and factory areas
- Training and research facilities

**Construction options**

- Different thicknesses and insulating materials according to performance
- in front of existing wall or system partition

**Combinable with**

- Lindner Life Pure 620
- Lindner Life Nature

**Description of the system**

The hung absorber element captivates by its modern appearance and functions coincidentally as a privacy shield. The Metal Absorber covered with fabric offers numerous possibilities to design your room individually due to a large selection of acoustic fabrics. This way, a perfect adaption of the reverberation time according to the requirement, in order to create a comfortable acoustic atmosphere, is possible.
