

## Plancher industriel

### Parquet 3 plis

3-layer prefabricated parquet plank with tongue and grooving system for full-surface bonding on conventional screed or dry screed systems. The strip design of the board is based on the industrial designs of the raised access floor coverings. With the same look, it is possible to combine conventional screed surfaces with raised floor.

- Multi-layer parquet planks from our own production with highest quality
- Combination possibilities with our raised access floors
- Real wood layer

### Données techniques

#### Dimensions

Longueur	1200 mm
