

# Munich Airport - VIP Lounge Terminal 1

Munich, Germany

# Project Description

Plasterboard ceiling systems  
Plasterboard partition systems

Munich Airport, with transit passengers making up 37% of all passengers passing through, certainly is one of the most important airport hubs in Europe. Terminal 1 holds up to 25 million passengers and its new VIP lounge, located in Module D South, helps well-heeled travelers pass their waiting time in exclusive lounge and service areas. Lindner furnished the new VIP lounge with its premium dry lining systems.
