

Klinikum Dortmund ZOPF

Dortmund, Germany

Project Description

The construction of the new surgical center was the biggest project of the Klinikum Dortmund gGmbH up to now. The ultramodern building is 150m long, 50m wide and extends over a total of 5 floors. Lindner contributed to this project with the supply and the installation of clean room partitions, surgery room doors, clip-ceiling-systems and numerous forms of project-specific solutions and hospital furniture.
