

Nord-Süd Stadtbahn, Heumarkt Station

Cologne, Germany

Project Description

At 'Heumarkt' station the Nord-Süd-Stadtbahn meets the planned east west train connection. The train station is currently under construction. Lindner fitted 4,000 square metres of a perforated plate cover ceiling and 5, 000 square metres of sound absorption plates to the ceiling and the walls of the vault and the stairs. The works were carried out from a 65.000 m³ birdcage scaffolding.
