

# LEICHT Kitchens

Waldstetten, Germany

© LEICHT Küchen AG

# Project Description

The products of kitchen manufacturer LEICHT bring an expression of individuality and personality into residential architecture. Combining aesthetics, quality and sustainability, the company excites customers all over the world.

At the company headquarters in Waldstetten, the "LEICHT Welt" was constructed. This complex acts as a showroom for most of the company's products. High requirements concerning the appearance of the rooms had to be met, which is why the client chose a NORTEC raised floor system combined with a stone covering.
